AFL/Cricket Australia Synthetic Turf Product Certification Application

* indicates a required field

Overview

The Synthetic Turf Product Certification System has been developed in response to the need for a system to serve and protect AFL CA synthetic field manufacturers whilst giving vital support in meeting the substantial demand for additional fields to meet each sports participation needs into the future.

The purpose of this system is to ensure compliance with AFL/CA requirements to safeguard the health of players and officials and to guarantee the integrity of the performance of the field.

The AFL CA Synthetic Turf Product Certificate is not intended as a product endorsement beyond one of suitability and acceptability for community football and cricket competitions under AFL CA.

The system is administered by the AFL CA Community Facilities Departments in co-operation with the AFL CA Synthetic Turf Technical Committee.

For reference only, a hard copy of the form can be found [here](#) however only online documentation of this form will be accepted.

1. For the purpose of full technical evaluation, applicants shall provide, at their cost, all additional product and/or information requested by AFL CA or any person or body designated by AFL CA.
2. Applications must be accompanied by certification fees as set out hereunder*:
 - a) The cost of certification for a field surfacing product has been set at \$10,000 for each product.
 - b) If a renewal is applied for by the manufacturer, a fee of \$2,000 for the renewal of a Product Certificate will be charged every four years.
3. No AFL CA Synthetic Turf Product Certificate shall have a validity of more than four years from the date of granting of the approval. Certificates may be limited to shorter periods.

4. Tests and Test Procedures:

An AFL CA Accredited Laboratory will assess and test a control sample reporting directly to AFL CA. All tests will be conducted in the laboratory under normal laboratory conditions and on the apparatus specified in the AFL CA Handbook of Testing for Synthetic Turf March 2018 Testing Specifications. Any changes or proposed changes in procedures will be notified to all participating companies and shall only be effective ninety (90) days after the date of issue of such notification by AFL CA.

An AFL CA standard report form should be used to ensure that all relevant measurements are made and data collected.

In the event of any product failing to meet the required standard the applicant will be afforded the opportunity of a hearing and of a further test. All costs will be discharged by the applicant.

From time to time, AFL CA may require the applicant to supply samples from facilities under construction for the purpose of monitoring the continuing conformity with the approvals granted.

5. Appeals

In the case of a refusal to grant certification or withdrawal or suspension of a current certificate, the applicant shall be entitled to appeal to the AFL CA Synthetic Technical Committee who may appoint an examiner or panel of examiners to report to the AFL CA Synthetic Technical Committee on the matter. The decision of the AFL CA Synthetic Technical Committee shall be final.

I agree that the information provided above is true and accurate
